FOR IMMEDIATE RELEASE

DSA WINS DEPARTMENT OF DEFENSE (DOD) INFORMATION ANALYSIS CENTER (IAC) CYBER SECURITY AND INFORMATION SYSTEM TECHNICAL AREA TASK (CS TAT) INDEFINITE DELIVERY/INDEFINITE QUANTITY (IDIQ) CONTRACT

Effort will support the DoD Information Analysis Center (IAC) in performing wide range of cyber security and information systems–related research, development, studies, evaluations, analyses, and similar services

Trevose, PA — Data Systems Analysts, Inc. (DSA), a leader in delivering secure information management solutions to the Department of Defense and Federal Government, is pleased to announce that the Air Force Installation Contracting Agency, Offutt Air Force Base, NE, has awarded it a partial small business set-aside Indefinite Delivery/Indefinite Quantity (IDIQ) contract for cyber security and information systems technical area tasks in support of the Department of Defense (DoD) Information Analysis Center (IAC) Program. It will share the maximum $5 billion cost-plus-fixed-fee, firm-fixed-price, multiple-award IDIQ with other awardees and will compete for orders with an estimated value of $3.5 million and below. This contract provides research, development, test, and evaluation efforts for technical area tasks within the software analysis, information assurance, knowledge management and information sharing, and modeling and simulation focus areas. Location of performance will be cited on individual task orders.
